December 2014 Newsletter

Season's Greetings! I would like to thank everyone for another wonderful year of golf and hope to see you in 2015. As I write this in early December and see record highs forecasted, I really start to miss green fairways and manicured greens. It has been just long enough since we have seen the white stuff.

The new year had us replacing 2 directors and electing Gary Parenteau and Matt Schenck. Welcome aboard guys.

We did work on a few new projects this year. The most obvious of them are the new cart path along the 17th hole, new patio in front of the clubhouse and changing the waste area between 5/6 and planting trees and grass. All upgrades should help improve the golfing experience. As always, if you have concerns or ideas, they are welcomed. I am sure there are some great ideas out there but finding the funds often becomes the issue. If anyone has a great idea and hit the lottery, we are listening! We have really been striving to keep up on our equipment and not relying on wire and glue to keep the mowers cutting. We came across a nice rough mower this summer and purchased 8 new carts to keep the fleet reliable. Hopefully you never noticed the addition of the first and a quick glance as you walked up to the clubhouse, you deduced that the cart fleet looks pretty darn good.

Financially we were fortunate to have had a better than expected October which made up for a less than stellar June. We are in good shape even though the balance sheet doesn't show another banner year as in recent years past. It has helped to have our loan paid off on the land for holes 5-8 so that's one recurring bill we don't have to manage around. We all are hoping for an early Spring at this point so we can once again get out there and enjoy the course. See you then.
